[AI led Strategy for Boards: The “new” strategy counselor](#)

It's time for boards to craft an AI led strategy. Three strategic aspects can help them and senior leaders to augment decision making process in the board meetings.

1. Can AI make the boards understand the industry dynamics?
2. Can AI trigger enough board-management debate before a specific strategy is discussed?
3. Can AI bring in all strategic options and approaches to the table for board and management? [\[Read more\]](#)

[AI led strategy for Business Transformation: A guided approach for CXOs](#)

Business transformation programs have long focused on productivity enhancements —taking a “better, faster, cheaper” approach to how the enterprise works. And for good reason: disciplined efforts can boost productivity as well as accountability, transparency, execution, and the pace of decision making. When it comes to delivering fast results to the bottom line, it’s a proven recipe that works. [\[Read more\]](#)
